## About This Game

*"In the beginning, there was only an excruciating, screaming void, wherein twisted souls writhed about, imprisoned in nothingness. Then the darkness was pierced by Luce, and with her came warmth and order. The time of men had begun, and would last many eras. But the 14th era is one of Darkness..."*

As Nyx, an old, retired warrior, evade the Shadows and find your way through the crooked corridors of gloomy dungeons, navigate the treacherous pathways of the darkened overworld and fight emissaries of darkness in long-forgotten temples. Many puzzles and deadly traps stand between you and your goal – to bring your daughter Aether to the last place on the face of Earth that still sees light.

Inspired by games such as Dark Souls and ICO, Fall of Light rewards those who explore the world on their own and draw their own conclusions. Meet odd characters, search through every nook and cranny to unlock hidden secrets and learn more about the history and lore of the somber world around you. Pick your favorite combination of close-range weapons, crossbows and shields, determine your fighting stance and get ready to face hordes of crafty enemies. And above all, keep your daughter from harm, as she is the light piercing the darkness and the key to unlocking forbidden passages.

### Features:

- 20 different battle stances, including two-handed and dual-wielding
- 10 weapon classes covering both short-range and long-range weaponry
- Guide and protect your companion – Aether, the Indigo child
- Fight Shadows, soldiers of darkness and underworld bosses
- Explore the overworld, scour dungeons and temples to gain and use special powers

I played this game during my last semester when i was writing essays and i gotta say that this game was really good to help me focus and relieve some stress. I would not say it is among my favorite games but for its price it is well worth getting and if you are like me who handles stress with playing games this will probably be a perfect fit. Every game is quite short and the purpose is very clear, there is not really much storytelling (which i think is good) but is focuses on being a pure space shooter which is does really well. Overall worth getting and quite entertaining.. Good old classic wonderfully remade, this game was one of the hardest games ever made, if you finish it the game developer actually claimed your some kind of a genius.

I never finished it.. :( Good game but the AI seems to be poorly made, makes the game annoying at times.. I went outside for 5 years, but i missed the office. So I came back might play next Tuesday..... best indie game i've ever played. totally recommended. This one requires some getting used to. But once one get the flow of the game it is engaging and rather fun.

Looking forward to the next episodes:

Well worth the time to play.. Great game. Its not too easy or too hard.

I strongly recommend this game, given that it's free.

It's a fun and cute puzzle "horror" game. It's a "horror" game in the sense that there are ghosts and vampires, but the whole thing is given a very saccharine and childlike tone. There are "jump scares", but the things jumping at you tend to be cutesy.

Some of the puzzles felt a bit unfair (e.g. for one of them, you need to keep talking to the same NPC over and over again even though it seems like he's repeating himself and there's no new dialogue to discover), but on the other hand, I did manage to solve all the puzzles without resorting to a walkthrough or guide, so I guess they couldn't have been that bad.. Dance Magic:

~~~~~

There will be a K.O on the dance floor without a doubt! Will it be you or your opponent! It comes down to who can get the best move to stun the other. Are you the greatest dancer? Well, it's time to demonstrate your talent and while you're at it save the world!

Dance Magic is an action / dance game where you play one of seven dancers available to you (actually three at the start and four to unlock). Each dancer has his/her own style of dancing, depending on whether you like a bit of a Spanish move, break dancing, groovy disco dancing and or something else. Essentially, what you will need to do is to beat your opponent by synchronising your moves with the rhythm of a song (over 30 tracks in this game). It is all about timing and it can be tricky at times. Have you ever heard the phrase he/she has two left feet? If so, you might be one of them! The game will give you several modes to play; tournament, battle (skirmish, multiplayer) and freestyle. In the tournament, when you beat an opponent, you will be rewarded with money.

With this money, you will be able to unlock a stacks of items for each of the dancers. If you like customization, you will be well served here. . . Fabulous! You will be able to change clothes, hair-dos, jewellery and more. If you like customising characters, you will love this feature, its great fun!

Very nice graphics and the game runs very well. The controls are responsive and easy to master.

Positives:

~~~~~

- Several dance styles
- Great character customization
- Great Soundtrack
- Trading cards and achievements

Negatives:

~~~~~

- Repetitive

Dance Magic is all about getting into the rhythm, it is just magic!

7.5/10

[. Juice Fresh is your typical Bejeweled / Candy Crush / Farm Heroes game with a fruity theme. The levels start relatively easy and get more difficult as you progress.. Can't progress in the game, i.e unlocking/upgrading aircraft in offline mode forcing you to play with ppl in online mode, that is kind of a deal-breaker. A very good game, that was made on the Rpg maker, you really like this game if you play RPG games! I liked the story and the way it was told.](#)
